Re: Operational Overview – Parallel 49 Brewing Company
1950 Triumph Street, Vancouver, BC

To Whom It May Concern,

Parallel 49 Brewing Company operates a full-scale brewing facility and licensed restaurant located at 1950 Triumph Street in Vancouver. Our Food Primary licence permits hours of operation from 9:00 AM to 2:00 AM. At present, our operating hours are 11:00 AM to 11:00 PM Sunday through Thursday, and 11:00 AM to 12:00 AM on Friday and Saturday. The total approved occupant load for patrons is 173 persons.

Parallel 49 is a production brewery where we craft, ferment, and package our own beer on site. Our brewing operations include fermentation tanks, brewing kettles, and packaging equipment operated by our skilled brewing team. We currently employ 15 brewing staff who oversee all aspects of production and quality control. Guests are invited to experience our products through tastings and direct purchase within our taproom.

Complementing the brewery is our Street Kitchen restaurant, which operates as a full-service dining establishment. Our kitchen is fully equipped to provide food service designed to pair with our craft beer offerings. We currently employ 20 front-of-house and kitchen staff dedicated to hospitality and food service operations.

Our administrative, management, and marketing team operates from the upstairs office area. This group functions separately from the brewery and restaurant operations and consists of 9 office staff.

Washroom facilities are allocated in accordance with operational requirements. Restaurant patrons, front-of-house staff, and kitchen staff are served by the designated public unisex washroom facilities on the ground floor. Brewery staff utilize one private unisex washroom located upstairs, and office staff utilize a second private unisex washroom located within the same upstairs office area.

Parallel 49 Brewing Company is committed to being a responsible operator and maintaining positive community relations. To mitigate potential late-evening noise impacts, patio service concludes prior to closing, with a patio last call occurring one hour before the end of service. Staff provide reminders at fifteen-minute intervals leading up to patio closure, and by 11:00 PM patrons are directed indoors where applicable. Staff actively monitor patron departure to ensure orderly dispersal and minimize noise in the surrounding area.

Parallel 49 Brewing Company remains committed to operating in full compliance with City of Vancouver regulations while providing a safe, well-managed, and welcoming environment for our guests.

Sincerely,

Nick Paladino
Director
Parallel 49 Brewing Company
